

Material Safety Data Sheet Gold NanoRods (GNR)

1. Identification of test substance

SoPRano carboxyl-funcionalized Gold NanoRods: PD-GNR-CX

2. Hazard identification

Hazard unknown	The PD-GNR-CX is a novel chemical entity. As such, the toxicological effects have not been thoroughly investigated. Take suitable handling precautions to minimise exposure.
----------------	--

3. First aid measures

Skin contact	Rinse skin with water, then wash with warm soapy water. SEEK MEDICAL ADVICE.
Eye contact	Immediately wash eyes with copious amounts of water for 15 minutes. SEEK MEDICAL ADVICE.
Ingestion	If conscious, wash mounth out with water. SEEK MEDICAL ADVICE.

4. Handling & Storage

Handling	Only competent personnel, within a controlled environment, should handle the test substance. Standard laboratory handling rules apply. Wear suitable personal protective equipment (PPE).
Storage conditions	Protect from light. Store at 4°C. Do not freeze.

5. Disposal considerations

Arrange disposal as special waste, by a licensed disposal company, in accordance with local and national regulations.

6. Other information

In vitro research only not for diagnostic or therapeutic use. This product is not a medical device. The information supplied above is, to the best of our knowledge, accurate at the point of publication. The information provided in this document is designed for guidance only. Should further information be required, this may be obtained from the named contact below.
